# COVID-19 OUTBREAK IN NIGERIA

## Situation Report

S/N: 011

Date: 10<sup>th</sup> March, 2020

Disclaimer – The information contained in this document is confidential, privileged and only for the intended recipient and may not be used, published or redistributed to the public

### HIGHLIGHTS

This is the 11<sup>th</sup> national situation report, following the confirmation of the first case of coronavirus disease (COVID-19) in Nigeria on 27th February 2020.

- On the 10th of March 2020, **no new** confirmed case of COVID-19 recorded in Nigeria
- Cummulatively, there are **two** (2) confirmed cases of COVID-19 in Nigeria
- A total of 33 people have been screened for COVID-19 (6 new) in 5 States (Edo, Lagos, Ogun, FCT and Kano) out of which 26 tested negative and have been ruled out, results are pending for six (6), while two (2) were confirmed positive (index case and a contact of index case) with no death
- A total of 216 contacts were linked to the index case comprising of four contacts at the airport, four at the hotel, 39 at the workplace and 169 from the airline
- Of the 216, 52 travelled out of Nigeria and 164 are presently in Nigeria
- Of the 164 in Nigeria, 62 are in Lagos, 39 in Ogun and 52 are in 10 States (Akwa Ibom, Anambra, Bayelsa, Cross River, Edo, Imo, Ogun, Osun, Oyo, and Rivers) and 11 in unknown locations
- Of the 164 contacts currently in Nigeria, 133 (81%) are currently being followed up comprising 60 (97%) in Lagos, 39 (100%) in Ogun and 34 (65%) in other States
- The two confirmed cases are clinically stable at the designated treatment facility for COVID-19 at the Infectious Disease Hospital (IDH), Yaba, Lagos
- A multi-sectoral national emergency operations centre (EOC), activated at level 3, continues to coordinate the national response activities
- Global situation: As at 9th March 2020, a total of 109,577 confirmed cases reported (73.8% cases in China) and 3,809 deaths. Number of countries/territories/areas affected within the last 24 hours increased by 3 countries (Bangladesh, Albania and Paraguay) making a total of 105 countries<sup>1</sup>
- Ten of 54 countries in Africa with reported cases; Algeria, Egypt, Tunisia, Morocco, Senegal, Nigeria, South Africa, Cameroon, Burkina Faso and Togo

### EPIDEMIOLOGICAL DESCRIPTION

- On 27th February, a 44-year old Italian citizen was diagnosed of COVID-19 in Lagos State. The case is the first to be reported in Nigeria since the first confirmed case was reported from China in January 2020. The case arrived the Murtala Muhammed International Airport, Lagos at 10pm
